

Forest Story Map

You have been given the quest to find the lost 'Book of Wonder'. This map will guide you to the book's location. Start your story at the spot marked by a star. Write about what you might see, hear, smell and feel as you find your way to the book's location, marked by a cross.

Bonus Tip: You do not need to go straight to the book's location. You can explore any part of this map in your story.

Who do you meet on your way? Monster, friend, enemy, strangers etc.

What problems do you face? Hunger, no weapons, loss, confusion, road blockage etc.

Why does one set of footprints lead to the lava and the other to the sea?
